PALAMA FIRST

Lady Appointed to Responsible Position -- The Koolau Agency. Teachers Assigned.

Minister Cooper, Inspector-Genéral Townsend, Deputy Inspector Gibson, Prof. Alexander, H. M. von Holt, Chas. L. Hopkins, Secretary Rodgers, Mrs. Dillingham and Mrs. Jordan were present at a special meeting of the Commissioners of Education held at 2:30 o'clock yesterday afternoon.

Minister Cooper reported that the ********

Cabinet had appropriated \$50,000 to be used at once for new school houses. He considered the 12-room school house at Palama, to cost \$25,000, and the 4-room house at Hilo, to cost \$4,-500, should be built first, being most urgently needed. On motion of Mr. Von Holt Minister Cooper was authorized to go ahead at once with the work of securing tenders for the build-

The question of assistant secretary and Honolulu school agent, provided by the new law, came up. Consider-able discussion arose over it. There were three applicants. Miss Rose Davison was elected on vote, her com-

mission to date from August.
T. H. Gibson was appointed Normal instructor. Mr. Gibson has just com-pleted a long term most faithfully and satisfactorily as Deputy Inspector of

Schools.

The matter of a permanent school agent for Koolauloa and Koolaupoko, to succeed Wm. Henry, resigned, was the subject of considerable discussion. Mr. Von Holt wished to provide an agent for each of the districts. This was thought unneccesary by Minister Cooper and Prof. Alexander. Henry Cobb Adams was elected for both districts.

Von Holt presented the name of Julian Monsarrat for school agent of Kau, to succeed Mr. Meinecke, resign-ed. Other names were presented. Matter was deferred.

Mr. Townsend brought up the subject of enlarging the printing outfit at Lahainaluna. Colonel Parker had enthused teachers with the importance of printing arrangements. Lahainaluna wished to enlarge its facilities so as to be able to take over entirely the paper enterprise. The sum of \$640 was appropriated for surplus material requir-ed for the outfit. It was decided to put in the school a man competent to do printing and editorial work.

Conversion Rights.

Attorneys Before the Cabinet-Law Questions Will go to Supreme Court-New Company.

The Hawaiian Tramways Company Ltd., has waked up again. It is in the field for new privileges and with promise of new policy. The company proposes to convert the mule line to an electric power concern. It asks for the right to have double tracks on King street from Thomas Square to Waikiki and on Beretania street from Punchbowl street to Punahou. The Tram people have lodged application with the Cabinet. This was done by Attorneys Neumann and Hatch yesterday

morning.

There exists doubt concerning the grants to the Tram Company. This question resolves itself in most particulars to interpretation of law. This is to the extent of an apparent issue. The Cabinet will refer to the Supreme Court. The proceeding will be shaped into a suit with the Minister of Interior on one side and the Hawalian Tramways Company, Ltd., on the other. The matter will go to the tribu-nal of last resort at once.

Several times the Tram people have made a movement in the direction of the trial upon which it is now said to be. The first in recent times when the question of a charter to another the question of a charter to another Transit Company was before the Leg-islature two or three years ago. An-other spell of activity was evidenced when the citizens started in upon the

when the citizens started in upon the organization of the present Honolulu Rapid Transit and Land Company.

It was said yesterday by a gentelman substantially interested in the welfare and progress of the Tram Company that the corporation was now in earnest, that plans had been maturated. ed many months ago. It was added that in case the decision of the Sup-reme Court was favorable to the company the double tracks would be laid at once and the change from mule to electric power made without delay.

One of the local men prominent in

the new Transit Company remarked last evening that nothing the Tram people could do in the manner proposed would make any difference whatever to the Honolulu concern. Its plan of campaign would be followed, and that without loss of time. The home capitalists believe they are making a good investment and will carry out the ori-ginal purpose of giving the town mod-ern transit service at a reasonable cost. It is more than likely, it is now given out, that the Honolulu company use compressed air for power.

portant Garrison.

Naval and Military Base With Strong Fortifications-Honolulu and Pearl Harbor.

(Chronicle 26).

The fact that Honolulu is to become most important post of the Army becomes more certain every day. Maj. Langfitt, commanding the battalion of engineers, has been asked to lose no time in leaving for Honolulu, in advance of his command. Being a skilled engineer, he will make a preliminary survey of the harbor and plan in a superficial way the fortifications that will be erected at once. The defenses are to be of the most modern and formidable kind.

"Uncle Sam will make Honolulu im "Uncle Sam will make Honolulu impregnable," said a prominent officer last night. "The city is to be a naval and military base and will be the site of the strongest fortifications in the world, if money and brains can construct them. This will take time, but meanwhile steps will be taken so that the city will not be open to attack. A meanwhile steps will be taken so that the city will not be open to attack. A reservation will be secured by the Army, and on it will be erected bar-racks and houses for officers, to form a post of considerable size.
"Just how many men will compose

the garrison cannot be said, but I look for several thousand to be detailed for the Islands within the next three months. Before three years have elapsed Honolulu and Pearl Harbor will be able to defy the battleships of any hostile nation. The next Congress will be asked to make a large appro-priation for this purpose, and millions will be spent in the work."

Poisoning Yourself?

You might make a single meal of rich pica and cakes, and not mind it. But you could not live on these all the time without ruining

your digestion.

Yet, week after week and month after month, you allow your brain and nerves to be fed with impure blood.

The general debility, thin blood, pale cheeks, nervousness, loss of appetite and depression of spirits, are loud warnings from nature. Your nervous system is weakening.

Before the ruin comes take

AYER'S Sarsaparilla

It removes the poisons from the blood, and thus removes the cause of all your trouble. It aids the digestion, strengthens the nerves and supplies the body with rich, red blood.

For constipation take Ayen's Pills. They promptly and surely cure. Take them with Ayer's Caranparilla: one aids the other. HOLLISTER DRUG CO., Agents.
